I'M A MOMENTUM GRADUATE

Charlotte Rouse **General Manager**

“My journey with BaxterStorey began after graduating from Nottingham Trent University with a degree in Business Management. I have always had a passion for the hospitality industry and I wanted to work for a company that shared my values, had a passion for people, food and progression. BaxterStorey was the perfect company for me.

The Momentum Graduate Scheme is a great way to gain entry into the industry, and to obtain all of the skills you need for your first management role. I was able to work with passionate, dedicated people who were happy to share their knowledge with me. I really feel that BaxterStorey cares about how successful its graduates are. It sees them as a part of the long term future of the company.

My advice to anyone looking to join the graduate scheme is to be ambitious, driven, motivated, open minded and not afraid to bring your own ideas to the table.”

Martin Holden-White **Business Development Executive**

“Martin graduated from Oxford Brookes University with a degree in International Hospitality Management. I joined the programme due to BaxterStorey’s values, particularly the focus on fresh, sustainably sourced food and people development. Few other hospitality businesses put such focus on this development, but it was clear to me that BaxterStorey really understood that great training makes a great employee. Working with talented people who share your passion for food is what makes the job so enjoyable.

The programme gave us the freedom to come up with ideas for our own concepts and we were able to implement our ideas at our respective client sites, seeing the project through from start to finish, with continued support from our mentors and managers.”
